

Far Sex To Act As Ministers

By H. H. GORDON
Canadian Press Staff Writer
KINGSTON, Ont., Sept. 19.—Approval of the principle of the ordination of women to the ministry of the United Church in Canada was recorded by the sixth biennial council today. The question will be sent down to the various presbyteries in the form of a remit and the concurrence of a majority is necessary.

The remit asks presbyteries if they are in favor of legislation making the ministry open to both men and women.

The vote must be taken and the returns reported to the executive on or before June 1, 1935.

The question was precipitated by a notification from the Saskatchewan conference which seeks to ordain Miss Lydia Groulx of Kelowna, Sask., now working in the northern section of the province.

It was pointed out as a result of today's action the ordination, in the event the presbyteries concur in the suggested legislation, could not be put into effect until after the next general council in 1938.

General council recommended to student graduates of the church that they place themselves at the disposal of the board of home missions with a view to spending one year or more on some western mission field.

The annual conference on home missions reported 14 fields in Alberta and Saskatchewan are now

New Dealers Overwhelm LaFollette's Primaries

MILWAUKEE, Sept. 18.—The democratic state ticket, strongly in support of President Roosevelt and the United States' "new deal," apparently pulled the biggest vote in the Wisconsin primary election today, leaving the LaFollette Progressive party and the Republican behind in the race of about 18 votes in a precinct.

Governor Albert G. Schmedeman has a heavy majority and two opponents for the Democratic gubernatorial nomination were running a close race for the nomination to oppose Senator Robert M. LaFollette Jr., Progressive candidate and John D. Chaplin, Republican nominee.

Philip F. LaFollette, Progressive candidate for governor, and Howard T. Green, Republican candidate, had submitted majority votes for their opponents but fell short of meeting the Democratic voting standards.

In the Democratic senatorial race two candidates were running a close race for the nomination to oppose Senator Robert M. LaFollette Jr., Progressive candidate and John D. Chaplin, Republican nominee.

Report of Roosevelt Mediation Board Anxiously Awaited

Rioting in Wakefield, outside the Burlington Manufacturing Company mill, was the worst outbreak of the current strike in Maine. Six men were arrested, and national guardsmen were dispatched to the scene. Scores of windows in the plant were shattered.

THE REGATTA'S GUIDE TO CANADIAN FOOTBALL

Army's Gridiron Hopes Discuss Season's Plans

Still the arguments rage over the outcome of the Jimmy McLaughlin-Rose fight Monday when the Vancouver betterweight crown on a split decision. The Canadian Press took a poll of written opinions in New York, all of which gave the verdict to Rose. ... However, among those who favor McLaughlin are two whose judgment should be worth a whole lot as far as the fight game is concerned. The two mentioned are Mike Ryan and Ed Byrne. ... In the world of boxing-writing, there could hardly be found two with a greater knowledge of the sport of which they "expect". ... Each a veteran of long years at the ringside, they are recognized as without superior in their line, and when they both give the palm to McLaughlin, you can be pretty sure their verdict is right. ...

Of course, there are other writers in the last-favorite Rose camp. They are well and widely known but the judgment of the two veterans mentioned would seem to carry more weight.

Rain and cold this week has been about shut off all sports activities in the city and only a few minor games are going on much action. ... It even takes a highly enthusiastic dog hunter to get the elements these days, although the hardest athletes of them all, the griffin students, are out practicing on various city fields. ...

SIG TRACEY NOW IN CHARGE FOR BATTLE

Tough Winnipeg Boxer to Fight Eddie Wenton on Friday Night

Battling Sig Tracey, former New York star who now makes his headquarters in Winnipeg and holds the Western Canada light-heavyweight championship, arrived in the city today all prepared for his title defense Friday night against Eddie Wenton, local aspirant to the crown.

The bout headlines Promoter Mike Koutaruk's card in the New Empire theatre, which starts at 8:30 o'clock Friday evening.

HARD TO KAYO

Not in many years has a fighter come to Edmonton with a reputation such as Tracey possesses for staying power against hot-potatoes. He has fought some of the best of the best men on the continent, but none of them have been able to get the better of him. He is a veteran as far as the fight game goes, but he knows how to take it and occasionally he has a real heat.

It is figured to be the logical kind of an opponent for young Wenton, who is a two-faced maver from the minute a bout starts. Wenton packs a terrific wallop in either hand and likes to rip into an opponent all the time, which means that his style will get a good testing in this fight.

There is a fine lot of preliminaries for the main event, with what is expected to be an exceptionally good semi-wrap-up in fight between George Scott of Victoria and Gordon Williams of this city.

VARIETY OF REVISED RULES THIS SEASON FOR GRIDIRON GAME

Horns Are Introduced to Replace Whistles in Officials' Hands

TORONTO, Sept. 10.—The traditional shrill blast of a referee's whistle will officially open the new football season in a week or so, but it will be a raucous "honk" from those new-fangled Canadian Rugby Union horns that add noise and novelty to the old battle.

IT'S A QUESTION

Actually the referee has a combination horn-whistle. The old play only with the whistle. The horns, says the 1934 rule book of the C. R. U., may be tooted to note foul has been committed, then on a penalty may be awarded, but not until the referee has whistled and stopped play. The sound of the three may look to call a foul, but he will have to wait until the referee has whistled and stopped play.

September 22, 1932. Sept. 22.—The disappointing Liverpool and B. A. markets checked the advance in North America yesterday. Local stocks of Plate wheat in Liverpool are being refurnished, causing liquidation in the October owing to the uncertain quality of this wheat. Millers are accepting fre-

72½ arrivals of Argentine wheat but are
backing away from the old Plata
74½ wheat which has been in store for a
long and which is re-selling at 5-6½
83 on the spot, duty paid.
85½ There are already reports of frost
86½ damage to early wheat in the north
of the Argentine, but the market

far has ignored them. The remaining exportable surplus in the Argentine is now under 50,000,000 bushels, which is none too large for the next 12 weeks, especially if the new crop would by chance turn out worse than last year's, which, of course, is quite likely, considering the 5 per cent. reduction in

average so far reported. Chartering
at Montreal is slow and some boats
are being taken off service. No. 4
Manitobas are offered a little cheaper,
but the demand is definitely disap-
pointing although cash wheat in the
west of Canada runs steady, on the
other hand cash wheat at Vancouver

stocks of wheat and flour in the U. K. ports have increased 800,000 and the total is now 13,360,000.
